OF TETON VALLEY

2024 IMPACT REPORT

Dear Friend,

Thank you for making 2024 a strong run! From a record-breaking Tin Cup to over 1,000 people appreciating our Nonprofit Community Space — you make it all possible. We're proud to have played a pivotal role in our nonprofit community's success through this year's Tin Cup Challenge program. Your support made the accomplishment of \$3.37 million for local organizations possible!

Additionally, the Community Foundation has been honored to share our space and network to connect passionate donors, key stakeholders, and leaders in times of community need such as in the case of early learning childcare, 5th day programming, and the Teton Pass closure. Your trust allows us to move quickly, convene partners, solicit necessary funds, and grant readily in emergent situations.

Thank you for instilling your trust, your dollars, and your sense of community with us. Your support is generosity in action.

Sincerely,

Bonnie Self

Granting for Community Benefit —

Your commitment to the Community Foundation ensures critical community issues are addressed annually. This year, the Foundation thoughtfully awarded \$80,000 directly to local organizations in support of programs and projects that elevate lives across all sectors of Teton Valley. By backing the Foundation, you fund projects today that support the future of these organizations and their dedicated programing in the years to come.

YOUTH PHILANTHROPY

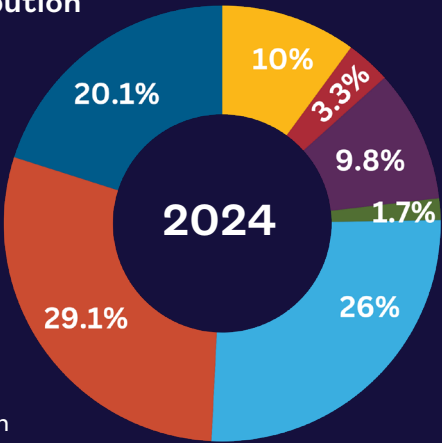

The Future of Giving — After thorough discussion over three class periods, Teton High School Seniors granted \$7,000 in awards to their carefully chosen nonprofit proposals.

“*I really appreciate all of our donors to this program. Trusting a bunch of high schoolers with this much money can’t be easy, but I am thankful I got to have such an important experience!*”

OPPORTUNITY FUND

Obstacles Become Opportunities —

When Teton Valley falls on hard times, our neighbors show up. Your support allowed us to quickly grant \$40,000 to crisis situations like the Teton Pass closure, early learning childcare, and 5th day programing.

“Through an award from the Opportunity Fund, the Teton Valley Food Pantry swiftly addressed the Teton Pass failure by setting up a pop-up pantry in Victor for overwhelmed commuters. This initiative provided locals with the chance to grab ready-to-eat meals and groceries to ease financial and time constraints, as well as receive moral support during this challenging and unexpected crisis.”
